

TERRENCE K.
WILLIAMS

**MAKE IMPACT
COMMUNITY**

Date: 04/30/25

Dear Team,

Following the positive momentum and direction of our recent progress, The admin and in accordance with approval from Scott Turner's leadership; I am pleased to announce that we have been officially approved of the initiation of the Pilot Phase for all confirmed members of the Make impact Community group for the Community Mobile Housing Project.

This phase is a critical foundation-building step designed to prepare us for the full-scale implementation of the housing initiative. It will allow us to address several key operational needs that must be handled before construction prototypes, contract presentation slides and rollouts begin.

◆ **Contribution Requirement:**

Each member will be required to contribute a one-time \$3,000 (three thousand dollars) mobilization fee.

◆ **Purpose of the Contribution:**

This amount will not be used to build housing units at this stage. Instead, it will be applied toward the following essential components:

- **Legal structuring, contracts, and compliance groundwork**
- **Hiring of initial core support and administrative personnel**
- **Strategic branding, public relations, and media launch preparation**
- **Preliminary logistics, travel, and planning sessions**
- **Permit scouting and feasibility assessments**
- **Access to exclusive member briefings and early-stage coordination meetings**

This contribution signifies your full engagement as a founding participant in the pilot phase. It also secures your place in all future phases, including direct access to the leadership rollout, national commissioning, and the scheduled in-person event with President Donald J. Trump upon project completion.

Next Steps:

Official payment instructions will be shared shortly.

Once confirmed, each member will receive a receipt, ID reference, and access to our next closed-door briefing.

We thank you for your commitment, belief, and vision. This is more than a project—it's a movement. Let's continue building it together.

With appreciation,

Terrence K. Williams & Team
